Letter No C621 Dated 8.9.41 from the Dir of P.H, Requesting sanction to the Continuance of the services of the Water Works Inspector, Ramdrug Water Works for a further Period of one yr from 23-8-41

Serial reference is invited to G.O No 2105 S 9.61 Dated 28.6.40, Sanctioning the appointment of a Water Inspector on a Salary of Rs 85 & Rs 5 p.m in the Ramdrug Town Limits, at the instance of the Local Mcd

The D.P.H now states that the Ramdrug Town Mcd are not agreeable to the Continuance of the post of the Water Inspector & that they have passed a resolution to that effect

The Contention of the Mcd is that the Exe Engineer Could Look after the duties of the Water Inspector but the Exe Engineer, Bureau of Sanitary Engineering is of opinion that a full time Subordinate to Look after the Water Works at Ramdrug are absolutely necessary

In the meanwhile the question of taking over the Management of the Water Works to the Ramdrug Town Mcd is under correspondence separately

It is for orders whether the services

Sir,

I have the honour to state that in Government Order No L 10559-61/M1 30-39-35 dated 28th June 1940, Government were pleased to sanction for a period of one year the appointment of Water Inspector for Mandya Town at the instance of the Mandya Municipal Council

The Water Inspector joined duty on 23rd August 1940 and the period for which the appointment was sanctioned expires on the 23rd August 1941

The question of the control over the Water Inspector has been under correspondence between the President, Municipal Council, Sanitary Engineer, Deputy Commissioner, Mandya District and this Office I enclose herewith a copy of letter No 501 dated 28th September 1940 with a copy of its enclosure of the Sanitary Engineer on the subject A copy of letter No C 987/40-41 dated 23rd October 1940 of the Deputy Commissioner, Mandya is also enclosed for the information of Government

The Mandya Municipal Council at their meeting held on 27-4-41 have resolved that the services of the Water Inspector may be terminated after the expiry of his term, his duties being looked after by the Municipal Engineer A copy of their resolution is herewith enclosed

The Sanitary Engineer in his letter No 265 dated 14th August 1941 recommends that the services of a full time subordi-

subordinate to look after the Water Works at Mandya are absolutely required and states that the services of the present Water Inspector should be continued

I therefore request you to be so good as to obtain and convey sanction of Government to the continuance of the Water Inspector, Mandya Water Works for a further period of one year from 23-8-1941, the date on which the previous period of sanction expires The services of the Water Inspector will be continued until definite orders of Government regarding their continuance or otherwise are passed

A separate reference will be made to Government in the matter of making over the management of the Water Works Staff to the Municipality

REGARDING THE APPOINTMENT OF A WATER INSPECTOR FOR MANDYA WATER WORKS.

I have the honour to state that in their order No L 10559-61/M1 30-39-35 dated 28th June 1940 Government have been pleased to sanction the appointment of a full time water supply inspector on a salary of Rs.35/- plus Rs 5/- per month for the above and the services of this man are required for the distribution of water in the Town and for the supervision of the machinery as stated in the preamble of the above Government Order The management of Mandya Water Works being in charge of this Department, the Water Inspector also has been instructed to work under the guidance of this Office but the President, Town Municipal Council, Mandya has in his letter No H C 4(a) 40-41 dated 13th Septemoer 1940 written to this Office to say that as there are many items of work to be entrusted to him in connection with the demand, accounts etc , of the Municipality, he may be instructed to work under the President of the Municipality Copy of this is enclosed This arrangement is likely to lead to confusion since the Inspector would be working under the instructions of the President while the rest of the staff are under the control of this Office I consider it highly desirable that the whole staff are under the ministerial control of one single Office, viz , either the Sanitary Bureau or the President of the Municipality and hence I request you to kindly obtain definite instructions from Government as to whether the Water Inspector should continue to work under the instructions of this Office or the whole of the staff should be instructed to work under the President, of the Municipality, in which case, it would mean the management of the water works being handed over to the local body

RE. THE APPOINTMENT OF THE WATER INSPECTOR IN MANDYA TOWN

In inviting your kind reference to letter No 501 dated the 28th September '40 addressed to you by the Sanitary Engineer, Bangalore, on the above subject, I have the honour to state that I do not agree with the opinion of the Sanitary Engineer in saying that to make the Water Inspector work under the control of the President, Mandya Municipal Council, would mean the management of the Water Works being handed over to the local body and that the Water Inspector has to work under the guidance of the Sanitary Department as other Officials in his Department

In this connection, I wish to add that the said water Inspector has been appointed at the instance of the Municipal Council and this fact is amply-borne out in the preamble to Government Order No L 10559-61/Ml 30-39-35 dated 28-6-1940 There is also no separate Officer stationed at Mandya to control the water Inspector and as he is having no full time work, I request you to order him to work under the administrative control of the President, without prejudice to the technical control of the Sanitary Engineer

Sir,

Subject:- Continuance of the Water Works Inspector at Mandya.

Adverting to your letter No.A.5-107/41 dated 4th April 1942 forwarding a copy of the resolution dated 25th October 1941 of the Mandya Town Municipal Council to the effect that they see no reason to consider their previous resolution dated 27th April 1941 against the continuance of the services of the Water Works Inspector at the place, I am directed to observe that the attitude of the Mandya Town Municipal Council is hardly reasonable.
